Rebates	Qualifying Products	2018 Energy Star Most Efficient
50%, Up to \$1,000	Air Source Heat Pump (most efficient)	Please verify products prior to purchase <a href="http://www.energystar.gov/products/most_efficient">www.energystar.gov/products/most_efficient</a>
	Air Source Heat Pump (most efficient)	
	Ductless Mini-Split Heat Pump*(most efficient)	

**Restrictions: limit one rebate per customer per program year. Maximum of two (2) ductless mini-split heat pumps are allowed.**

**To receive your rebate by mail, follow these steps:**

- 1) Purchase and install an ENERGY STAR® qualifying product at a property with an active electric account with one of the participating energy efficiency providers.
- 2) Obtain your contractor’s invoice with equipment make, coil and condenser model numbers, size in tons, date and location of installation and total installation cost.
- 3) Mail the following to the address on the right.
  - This application, completed accurately and legibly.
  - Contractor’s invoice showing required information and proof of purchase.
  - Copy of “ACCA approved version 8 Manual J” Load (Sizing) Calculation  
*(Note: Not needed for ductless mini-split systems.)*
  - Copy of your most recent electric bill.
  - A copy of the AHRI Certificate. Visit [www.ahridirectory.org](http://www.ahridirectory.org) or contact your Heating and Air Conditioning Contractor to obtain a copy.

**Send completed application with all corresponding documentation to:**
